- Old Branch Avenue between Allentown Road and Woodyard Road/Piscataway Road

We Made Changes Thanks to Your Input

New paving procedures:

- Final paving and striping in phases, when possible.
- Replace temporary patches with permanent ASAP.
- Daily inspections of temporary patches and steel plates.
- Corrections made before contractor leaves job site.

Pedestrian Safety is Paramount

- Warn pedestrians when sidewalks are closed.
- Ensure all sidewalk patches are smooth and level.
- Enhance safety and visibility around above ground pipes.

A photograph of three people on a construction site. On the left, a man in a yellow safety vest and hard hat with 'WIDE WATER' on it. In the center, a man in a red shirt and a tan hat. On the right, a woman in a yellow safety vest and hard hat. They are all looking at a set of plans held by the woman. In the background, there is a large white truck and some trees.

Coordination & Communication

- Prince George's County DPW&T
- Underground work completed prior to final paving and restoration.
- Address customer concerns
